

# Results.

The CCA is proud to have partnered with business execution specialists, Results, to provide your leadership team with a complimentary **Business Execution Check-In** to assess specific facets of your organization and provide you with an action roster of prioritized items for improvement.

With decades of experience working with organizations in the construction or construction-related fields, Results will facilitate this leadership workshop and share their years of business experience along the way.

Offered to eligible organizations and valued at \$3,000, this complimentary half-day workshop will help you to ultimately unleash all your business potential by:

- Building an organization that can run well without you.
- Freeing up your leadership team to work effectively on the business vs in the business.
- Helping you build processes and systems to operate efficiently and effectively.
- Attracting and retaining top talent

To schedule your exclusive half-day workshop with one of the Results specialists, contact Jeff White at 403-234-0999 or by filling out a form [here](#).
