

March 18th, 2020

Dear Members and Colleagues,

CCA UPDATE

Another day, more developments and more questions. We are continuing to reach out across the industry in order to learn what we can. With many questions and concerns arising daily we are continually looking for ways to assist members in finding answers or guidance.

Yesterday morning we held our inaugural HR call and we will be continuing these throughout this week. Our Business Hub is co-hosting an online Zoom chat from 9:00 – 10:00 AM for business owners, managers and supervisors with Michelle Berg of Elevated HR where she will take your questions – [register here](#) and feel free to join in any of them this week. Feel free to call in every day if you wish.

Yesterday we were joined by 17 members and were able to cover a number of questions at the forefront of everybody's minds. We will be posting transcripts of each conversation as they are available.

Today we are also hosting our first conference call with industry leaders and will continue with that every two days in order to stay on top of developments and provide as much insight as possible.

We have also reached out to those in both the legal, financial and insurance community and hope to have resources available to answer your questions and provide insight into these important areas shortly.

We have also been in contact with ACA who have been in conference calls with the province and we will update you on the results of these conversations today.

We also have calls scheduled with the Canadian Construction Association later this week from a national perspective.

We will continue posting content as it emerges along with several resources daily on our [industry update](#) tab of the website. Make that link one of your favourites and keep checking back.

The CCA team are available to receive your calls and will make sure that we are able to maintain our services for you as needed despite the situation. They will be setting up times where you can pick up seals and obtain signatures etc – please plan well in regards to these so that we can meet your schedules.

For any such needs or questions please call the main line 403-291-3350 as calls will be forwarded to the team. If no one is able to answer immediately please leave a message – the voicemail will be fully monitored, and someone will return your call quickly.

Please contact the team with any enquiries and for specific needs please contact them as follows –

Membership, renewals and sponsorships -	adriannagle@cgyc.ca
Seals, documents and general enquiries etc -	gabbymorden@cgyc.ca
Education classes	anneblair@cgyc.ca
Events, marketing & communications	lenahogarth@cgyc.ca

For any other enquiries or to let us know how else we might be able to support you all at this time please feel free to contact myself directly on my mobile – 403 830 7477 – or email at billblack@cgyc.ca

A pandemic is not selective – it will hit us all and it will continue to evolve over the days to come. We can only plan around what we know and these plans need to be able to adapt to the 12hr cycle of new information and changing constraints which is why CCA is seeking to foster so many resource channels to help inform us all.

Our community is rising to this challenge. We are best equipped if we respond as one industry and one community and this is happening.

Each day seems to feel like a week and this is bearing down hard on us all but we will emerge from this and in the meantime CCA will do our best to support you all

Sincerely,

A handwritten signature in black ink, appearing to read 'Bill Black', with a stylized, cursive script.

Bill Black B.Sc., CEC, LEED AP
President and COO
