CCA EDUCATION FUND APPLICATION INSTRUCTIONS - 2023

The CALGARY CONSTRUCTION ASSOCIATION EDUCATION FUND was a project initiated by the Calgary Construction Association in 1998, in response to an increasing need to provide scholarships, bursaries and prizes to high school students enrolled in building construction courses and college students enrolled in construction trades courses. A dedicated group of Calgary Construction Association Members set out to establish an ambitious and comprehensive program for collecting voluntary contributions from industry, which would be invested in a trust fund in order to generate funds each year and be distributed to high school students and college students enrolled in construction trades courses.
