

CCA Scholarship Program

Don't miss out on your chance to put a dent in your post-secondary education!

Did you know that CCA offers scholarships? The CCA Education Fund was initiated in 1998 in response to an increasing need for scholarships and donations to students enrolled in construction trades programs and courses.

CCA proudly supports the future of the construction industry by administering over 70 annual scholarship programs. As part of the CCA's dedication to the future of the construction industry, our Education Fund distributes over \$80,000 in scholarships and bursaries yearly.

70 + SCHOLARSHIPS
OVER \$80,000 YEARLY

2024 SCHOLARSHIP SUBMISSIONS OPEN FEBRUARY 1ST

Whether you are brand new in the industry or an industry veteran looking to expand your skill set, we offer an extensive array of scholarships for member employees, dependents, and students. We are dedicated to providing our members, their employees and their families with opportunities to start and grow in their construction careers!
